## Fight for Access to Justice.

Public Justice is America's public interest law firm. Through creative litigation, public education, and innovative work with the broader public interest community, we:

- Protect people and the environment;
- Hold the powerful accountable;
- Challenge government, corporate and individual wrongdoing;
- Increase access to justice;
- Combat threats to our justice system; and
- Inspire lawyers and others to serve in the public interest.

Supported by a nationwide network of over 3,000 dedicated attorneys and others who care about the public interest, ***Public Justice brings cutting-edge, high impact litigation*** to advance consumers' rights, workers' rights, civil rights and civil liberties, public health and safety, the environment, and corporate and government accountability.

***Our Access to Justice Campaign keeps America's courthouse doors open for all***, battling federal preemption of victims' rights, unfair mandatory arbitration, class action bans and abuses, outrageous court secrecy, attacks on the right to counsel and jury trials, and unconstitutional litigation.
